Heavy-Duty Form Cages for Transporting and Storing Steel Dog® Panels and Fillers

Rugged cages built for long life

Steel Dog® Form Cages are designed to hold up to 22 1-1/8" form panels. A unique, solid-steel, forged lifting bar allows for convenient placement of forms at job sites using a boom truck, crane, or other lifting equipment.

AVAILABLE IN MANY CONFIGURATIONS:

- Panel heights from 4 ft to 10 ft
- Filler cages with custom partitions
- Double-stack panel cages with pivoting shelf
- Double stack filler cages

FINISH: Green painted finish
